Through the efforts of Mrs. Ada Burt and Mrs. Clara Birch and the kindness of Lisbon Public Library we were enabled to get a large number of Children's books, also many books of Fiction, which have helped us out greatly. Although our attendance isn't as great as some years the library is still holding its own. Wish the town father's could set aside a small sum of money to purchase a few new books, which would be very much appreciated by our readers.

## SUPERINTENDENT'S REPORT

---

To the School Board and Citizens of Lyman:

The total enrollment in your schools last year was 63, the average membership 52.7 and the per cent of attendance 92.11. There were 15 pupils attending Lisbon High School and two pupils attending the Lisbon Elementary School.

The enrollment this year is at the present time as follows: Parker Hill 35, and Tinkerville 32. There are 12 pupils attending high school and one attending elementary school at Lisbon.

There were two new teachers in your schools this year. Miss Marion Kelley of Ashland, a graduate of the elementary course at Plymouth Normal School replaced Miss Wallace at Parker Hill. Miss Rosmerld Boyan of Portsmouth, a graduate of the Portsmouth Training School and Plymouth Normal School, took Miss Campbell's place at Tinkerville. Both teachers have done an excellent piece of work for beginning teachers.

There are several special articles in the school warrant this year. One article gives the District an opportunity to express its opinion on the question of compulsory liability insurance for transporters of school pupils. There is at present no law which compels transporters to carry insurance in spite of the fact that only the transporter is liable in case of accident. I strongly recommend that the District insist that all transporters carry liability insurance.

There is also the question of equipping the school houses with electric lights. The Tinkerville School, because of the location, needs lights more than the Parker Hill School, but I believe it would be desirable to have them in both schools to aid on dark days.

The Pond School has not been used by the District for six years. There are now seven pupils living in this district who are being transported to the Tinkerville School. It seems doubtful now that you will need to use this building for a school.

This year we have been able to obtain additional state aid to use to have Miss Bone give more time to health work in the Lyman Schools. Your School Board wishes to continue this service next year.

The Parker Hill School Building is in poor condition. The foundation is not good, the windows are loose, and the roof should be strengthened. A two-room central building would increase the efficiency of your schools and would remedy your present unsatisfactory housing conditions.

I certainly appreciate your cooperation in all matters pertaining to the welfare of your schools.

Respectfully submitted,

F. LESTER TRAFTON.
